⊚Text by Fu-Ju Lin ⊚Courtesy of Economic Affairs Bureau

n January, Mayor Chen announced the launch of "2008 Visit Kaohsiung Year" at Love Pier. Kaohsiung Tourism Associations have been established by relevant industries. From May 5-10, Mayor Chen, along with a delegation, visited Japan to boost tourism. Mayor Chen said that despite Kaohsiung City being blessed with extraordinary tourism resources such as mountains, ocean, rivers and harbors; less than one million tourists among the 3.7 million who come to Taiwan annually visit Kaohsiung. There is still a lot of room to expand Kaohsiung's tourism industry. With the objective of "Fall for the New Kaohsiung", the "2008 Visit Kaohsiung Year" campaign is expected to help increase domestic and international visitors to the city by one million.

高雄市政府建設局局長劉馨正於率團率隊,前往中國北京參加6月19日至21日的北京國際旅遊博覽會行銷,提供高雄的旅遊資訊,藉此行銷醫療美容、婚紗等各種旅遊行程。 The Kaohsiung delegation headed by Director-general of Economic Affairs Bureau of Kaohsiung City Government, Sin-Jheng Liu, was comprised of representatives from private and public sectors. Their aim was to promote travel information at the Beijing International Tourism Expo 2008 from June 19th to 21st with the purpose of luring visitors with various travel packages, such as cosmetic surgery and wedding photography.

On May 5th, Mayor Chen led a delegation of 120 representatives from the tourism industry to Japan for a six-day visit, during which they gave presentations in Osaka, Nagoya, and Tokyo. The group visited Osaka Tourism Fair on May 7th and held a presentation on May 8th. On May 9th, the delegation arrived in Tokyo and hosted an event co-sponsored by the Tokyo Office of Tourism Bureau, Ministry of Transportation and Communications. Eighty guests from around Japan were invited for an experience exchange.

Mayor Chen urged Japanese tour groups to consider the "Kaohsiung Winter Fun" travel program which will be active from this November to next March. The program will target Japanese and Korean tour groups staying in Kaohsiung. Each visitor will receive a "Kaohsiung MRT Fun Pass" from the city government. In order to promote the 2009 World Games in Kaohsiung, the government will randomly select ten lucky winners for a complimentary trip to Kaohsiung and access to the World Games events in July, 2009. Each prize will include a NT\$100,000 gift certificate package.

Mayor Chen said that there are many

Mayor Chen also mentioned that with the initiatives taken in Japan, many Japanese revealed interest in visiting Kaohsiung and southern Taiwan. The number of international tourists is expected to increase 100,000 this year. Authorities hope that with the boost of the World Games, the number of Japanese tourists can increase from last year's 190,000 to more than 380,000 in 2009.

2008 is a year of all-out tourism promotion. On June 10-11, the promotion delegation attended travel fairs in Hong Kong to promote Kaohsiung. On June 19-21, the group attended Beijing International Travel Fair. On June 22-24, they went to Shanghai and strive to attract tourists from China to visit Kaohsiung. The subsequent destinations include South Korea in August and Singapore in September. They will participate in local travel fairs to introduce Kaohsiung to more tourists.

The World Games 2009 Kaohsiung Pre-event Series

⊚Text by Kuan-Chun Chen

aohsiung City won the right to host the World Games 2009 back in 2004. The World Games 2009 will follow the "Olympic model": our local representatives will participate in the event as "Chinese Taipei" and use the NOC(National Olympic Committee) Flag as well as the delegate anthem in various ceremonies. Currently, all preparation tasks are in progress. Kaohsiung Organizing Committee (KOC) also has held Dragon Boat, Climbing, Roller Skating, and Tchoukball mock competitions to become better prepared for the World Games 2009.

The five upcoming pre-events are: the 2008 International Air Sport Event, the 2008 International Gymnastic Event, the Youth Korfball Championship 2008, the 12th Asian Petanque Championship and the 2008 International Water Ski Demonstration Event. According to estimates, more than 850 players from around the globe and within the country will attend these events. The 2008 International Air Sport Event will be held in July, while the other four events will be taking place at the end of October and the beginning of November.

The World Games Pre-Events

hese "pre-events" are competitions held before the formal ones next summer. This is an opportunity for the host city to test the software and hardware of facilities, such as player registration, tally systems, drug control, and security and anti-terrorist measures. On the other hand, players can take this chance to build up experience, adjust their condition, and become familiar with the competition facilities.

何謂世運暖身賽?

戶戶 調的暖身賽,其實就是正式比賽前的賽前賽,對於主辦單位來說,可以提前用來測試場館的各項軟、硬體設備,例如選手登錄、計分系統、禁藥檢測、維安反恐等,對於選手而言,則可藉此累積參賽的經驗、調整狀態、熟悉比賽環境。

The first activity, 2008 International Air Sport Event, will be held between July 19th and 21st at Kaohsiung Metropolitan Park. Thirty-two jumpers will compete in the Accuracy Landing and 2-Way Canopy Formation competitions.

2008 Kaohsiung International Air Sport Event is commonly known as parachuting, a KOC representative explained. Parachuting is actually one of many different air sports under the supervision of Federation Aeronautique Internationale (FAI), founded in 1905. Currently, FAI has 97 country members. Included in these 2 events, Accuracy Landing involves jumpers trying to land as closely as possible to a target tuffet in order to receive a high score. The starting altitude is set at 3500 feet.

The 2-way Canopy Formation parachutists compete in groups of 3. One of the parachutists is the cameraman who films the performance and hands the video footage in for

judging after landing.

The 2008 International Gymnastic Event will see approximately 294 players competing at the soon to be completed Kaohsiung Arena. The competition schedule is as follows: rhythmic gymnastics on October 28th & 29th, Trampoline, flipping mounts, and acrobatic gymnastics on November 1st & 2nd, and aerobic gymnastics on November 4th & 5th.

The Youth Korfball Championship 2008 has an age limit of 23 and under. To date, 12 teams from Holland, Czech, Germany, South Africa, Russia, China, Belgium, United Kingdom, Austria, Spain, Hong Kong, and the host Chinese Taipei, including 264 players will be competing. The location is at the

The tentative schedule of the 12th Asian Petanque Championship is between November 3rd and 7th at the 228 Memorial Park next to Love River. It's estimated that about 238 players will be participating.

As for the 2008 International Water Ski Demonstration Event, it will be held at Lotus Pond on November 1st and 2nd. Ten players are planned to be in the competition.

2009世界運動會暖身賽

建市於2004爭取到2009年世界運動會的主辦權,2009高雄世運會將遵守「奧會模式」辦理,我方代表團以「中華台北」為名參加,屆時使用旗幟為中華台北奧會的會旗,升會旗等各典禮時則播放國旗歌。各項有關2009高雄世運的準備工作隨及展開,2006年、2007年財團法人2009世界運動會組織委員會基金會(簡稱KOC)舉辦龍舟、攀登、滑輪溜冰及巧固球等運動項目的暖身賽,提前為2009世運造勢宣傳。

預訂於今年登場的 5 場2009高雄世運暖身賽系列分別為2008國際飛行運動暖身賽、2008國際體操暖身賽、2008年第 5 屆世界青年合球錦標賽、2008年第12 屆亞洲盃滾球錦標賽以及2008國際滑水示範賽,預計屆時將有國內外共850位以上的選手參加,除了國際飛行運動暖身賽在 7 月舉行外,其他 4 項賽事均在10月底、11月初登場。

率先進行的2008國際飛行運動暖身賽從 7月19日起至21日在都會公園舉行,將有 47人参加,此次比賽項目分為定點著陸、 雙人疊傘2項。

此次比賽的飛行運動賽事,事實上就是一般人所熟悉的跳傘,KOC解釋,跳傘其實是多種飛行運動的家族成員之一,隸屬於1905年成立的國際飛行運動總會,目前成員國有97個。

2項飛行運動項目當中,定點著陸需降落於電子計分墊上,選手落地的位置距離中心點愈近,分數就愈高,飛行高度在3500英呎。

至於雙人疊傘,這項比賽一組為3人,並在一面張開的降落傘下進行,在降落時進行一連串指定表演,其中1人需將表演的過程錄影,錄下的影帶將交由評審評分,難度在於選手們能否在規定時間內正確完成動作。

國際體操暖身賽則有294位選手參賽, 比賽地點是9月即將完工的小巨蛋,其中 10月28、29日兩天比的是韻律體操,11月 1、2日將進行彈翻床、騰翻與特技體操, 最後的有氧體操則在11月4、5日舉行。

第5屆世界青年合球錦標賽參賽選手年齡需在23歲以下,已確定有荷蘭、捷克、德國、南非、俄羅斯、中國、比利時、英國、奧地利、西班牙、香港以及地主中華台北共12個隊伍。比賽地點在高雄師範大學體育館,屆時將估有264 位球員同場競技。

第12屆亞洲盃滾球錦標賽暫訂11月3至7日在愛河畔的228和平紀念公園舉行,預計有238位選手參賽。

至於國際滑水示範賽,則在蓮池潭進行,比賽時間是11月1、2日兩天,將有10位選手參加。

2008 Summer Kaohsiung Sizihwan Bay Festival

⊚Text by Yi-Chun Lin ⊚Photos by Chung-Hui Pao

🔼 izihwan Bay is endowed with beautiful sunsets attracting as many local residents as out-of-town visitors. What makes Sizihwan Bay so special is that this location emits a romantic ambience through its natural setting. As a result, Sizihwan Bay is one of the most popular seaside spots in Taiwan. Building upon this strong asset, Kaohsiung City Government launched the "artificial beach at Sizihwan Bay Project" in 2007, and it was formally

completed in June this year. The newly completed beach has made the sunset at the Sizihwan Bay even more compelling to visit.

As for tourism promotion, natural beauty sells. Sizihwan Bay has been considered a main attraction for presenting a charming characteristic of the city of Kaohsiung. However, the coastline of the beach at Sizihwan Bay had retreated substantially due to the construction of the adjacent National Sun Yat-sen University and beach erosion. In addition, piles of breakwater

along the coastline had formed a negative impression of coastal landscaping. Thus, the city government inaugurated restoring the artificial beach

at Sizihwan Bay, which was one of the projects incorporated with central government's "Shore Restoration and Landscaping Improvement Project." The restoration of the artificial beach utilized breakwater to construct the 160-meter headland forming a crescent-shaped coastline that is one kilometer in length and 50 meters in width. This project served as a means of protecting the coastline as well as creating an improved beach area. The city government is aiming to introduce the brand new oceanic image of Sizihwan Bay with sunshine, beach, and leisure created through a series of transformation projects.

In addition to the sunset and beach, there are many other compelling reasons to visit Sizihwan Bay this summer. A series of summer events -"2008 Summer Kaohsiung- Sizihwan Bay Festival" organized by the city government will take place at the beach from July 6 to August 31. This summer festival guarantees to satisfy visitors with all kinds of tastes, luring them with its natural beauty, music concerts, popular music concerts, aboriginal music concerts, street artist performances, bikini shows, outdoor movies, fireworks, BBQ, a beer bar, as well as the generous hospitality of Kaohsiung citizens.

ations around the world have encouraged public consciousness in support of emissions controls and adopt further efficient strategies to combat climate change and high oil prices. The City of Kaohsiung is acting on curbing carbon dioxide emissions with one of its main pollutants coming from industrial emissions as a result of the city being loaded with many heavy industries. Thus, Kaohsiung City Government has implemented a series of measures to create a greener city by establishing a carbon control committee. They will promote through all perspectives, for instance, encouraging citizens to take a walk, to ride a bike and to take public transportation instead of driving vehicles.

○Text by Fu-Ju Lin○Photos by Chung-Hui Pao

he Dragon Boat Racing at Love River this year was all about the World Games. There were great races, plus exhibitions and activities related to the World Games, which attracted colossal crowds. Dragon boat racing is an invitational competition for the 2009 World Games in Kaohsiung. As a result, the scale of the Kaohsiung dragon boat racing this year was enlarged with a total of 136 teams participating in the competition.

This year, the event was given the motto "Embrace Happiness in Kaohsiung; Enjoy Vitality for the Dragon Boat Festival". The eye-dotting ceremony signifies a turning stage for advancing toward a bright future just as an insect reaching out from pupa or humans striving toward a greater accomplishment. The ceremony was presided over by Deputy Mayor Ren-Yih Lin on May 15. This ceremony is viewed as an offering to the River God, praying for successful races. Deputy Mayor Lin led the eye-dotting representatives to "open" the eyes of 22 dragon boats as painted eyes bring life to the dragon boats.

The racing, which was scheduled to take place for four days from June 5 to June 8, was postponed for one day due to heavy rain. It was held at Love River in front of the Music Center. The delay did not extinguish the contestants' enthusiasm and participants were eager

to out-cheer other teams by supporting their teams vocally. Mayor Chu Chen also attended the opening ceremony to support all the racing teams.

In addition to the exciting dragon boat races, there were a variety of events along Love River, including "The World Games 2009 in Kaohsiung Promotion Area", fashion display of "The 2009 World Games Kaohsiung Creative Fashion Design Contest", "Water skiing Show" performed by Chang Jung Christian University, "Parachute

such as water skiing show performanced by Chang Jung Christian University.

Jumping Show" sponsored by Aero Sport Association, "Creative Fashion Show" presented by National Ping Tung University of Science & Technology, and more. These events provided a diverse experience for visitors.

Of the 136 teams participating in the Kaohsiung Dragon Boat Racing this year, 82 teams competed in the Speed Paddling category and 54 teams in the traditional dragon boat category, with a total of 21 games. The awards were increased to NT\$350,000 for the Men's Championship and NT\$120,000 for the Women's Championship. The winners will represent Kaohsiung City at the "2008 Public Games". After three days of cut-throat racing, Paris International Improvement Corporation captured the Men's Championship and Lin Yuan Senior High School pocketed the ith

Women's Championship. Both teams were awarded with statuettes and monetary prizes.

While presiding over the closing ceremony, Mayor Chen Chu encouraged teams from all over the island to participate in the next Kaohsiung Dragon Boat Racing. Next year, the championship awards will be even higher. Based on the gender equality concept, the Women's Championship awards will be increased to the same amount as the Men's Championship. She will also consider putting together a city government women's dragon boat team. Her remarks received a big applause from the attendees. Next year, an even better Dragon Boat Racing competition is expected. It is without a doubt that dragon boat racing will become one of the most spectacular sports in the 2009 World Games.

ountries in the West have been carrying out art restoration techniques for centuries; however Taiwan is only at the beginning of carrying out this process. Chengshiu University Art centre is located near Chengcing Lake. To capitalize on its polytechnic academic background, it has established the Art- Technological Conservation and Restoration Section (ATCRS). The centre invited Dr. loseba Imanol Soraluze Herrera from the Polytechnic University of Valencia (Universidad Politecnica de Valencia) in Spain to take charge of restoring the masterpieces of Taiwanese fine art. ATCRS is the only professional team of fine art restoration located in Kaohsiung.

Dr. Herrera decided to major in Conservation and Restoration of Cultural Heritage during his undergraduate and PhD degrees. He has now been residing in Taiwan for two years and has been commissioned to restore nearly a hundred pieces of

artwork. His clients include Kaohsiung Museum of Fine Art, various Taiwanese artists and art collectors.

Dr. loseba feels the most important thing the team must consider when accepting an assignment, is treating the artwork with respect. This includes avoiding direct contact with the piece. In order to undertake the restoration of a painting, the team must carry out substantial research on the piece and interviews

with the client. They then go through numerous procedures including

sample testing, chromatograph (which often includes the use of a microscope), supporting and protecting the surface and back of the painting, mounting, cleaning and patching. It usually takes over a month to complete an assignment.

Apart from his professional life, Dr. loseba also enjoys a number of activities in his personal life. Although he is not a Buddhist, he likes to visit Foguangshan for its unique cultural atmosphere. During the weekends, he enjoys meeting friends for meals or shopping. Sun Yat-Sen University and Love River are also places he enjoys spending time. He especially likes the Kaohsiung Film Archive, where he has enjoyed some good films. Dr. loseba says, Kaohsiung is a relaxing coastal city and is a very comfortable place to live. He is really enjoying his work and leisure time in this city.

起歐美國家,台灣的藝術品修復可 說才剛起步。位於澄清湖畔的正修 科技大學藝術中心,便結合該校理工與科 技優勢,成立了藝術科技保存修復組,並 且遠從西班牙請來瓦倫西亞綜合大學的尤 西博博士擔任修復師,為保存台灣傑出藝

術品作出貢獻。

尤西博從大學到博士學位都是主修藝術 文化資產保存與修復,他表示,正修科大 的藝術科技修復組,是高雄唯一一個專業 藝術品修復團隊,尤西博來台兩年,曾受 委託修護的油畫已近百件,委託者包括高 雄市立美術館及台灣藝術家或收藏家。

當他們接到委託,最重要的便是尊重該幅作品,盡量不要碰觸;修復一幅畫,除了在事前要做大量的研究與訪談,還要經過攝影、採樣檢驗、色層分析(顯微切片分析是常見的方式)、畫面與畫背的保護加固、托裱、清潔、補筆等等數十個精細的步驟,往往費時一個月以上。

除了藝術專業,尤西博對高雄的生活也 感到很有趣。雖然不是佛教徒,但他喜歡 造訪佛光山,感受其文化與氣氛;週末則 會和朋友一起吃飯喝茶、逛街,也常去中 山大學與愛河邊,並且特別喜歡高雄電影 圖書館,他說,有時在那裡可以看到很不 錯的電影。尤西博說,擁有海岸的高雄, 是個很舒適的城市,不論工作或生活,他 都很樂在其中。

Dahlia's exploration of Kaohsiung OText and Photo by Ya-Ting Hou

s. Ross Diana Dahlia Marpaung Dugast (Dahlia) moved to Kaohsiung with her husband, Mr. Jacques Dugast, in 2006 after Jacques took a job in the city. Dahlia was born and raised in Indonesia therefore she is familiar with Asian culture. Even though some find it tough to cope with the hot weather, she has adapted quite well. She has started to learn how to swim. As for the food, she likes sushi, seafood, and spicy hotpot. Besides Indonesian as her mother tongue, Dahlia speaks fluent English and French. However, she does not speak Mandarin. She often communicates in English with others around Kaohsiung. The language barrier has not hampered her from exploring the city. She takes taxis and buses and is planning to take the Kaohsiung MRT

Dahlia and Jacques decided to live nearby Love River mainly because of the beauty of the river and all kinds of activities and events taking place near the river. Dahlia holds a particular fascination of fireworks that are displayed on the Love River while some important events are held there. During Dragon Boat Festival in June, Dahlia watched the dragon boat races. When she learned that she could form a team to participate in the dragon boat competition, she was quite excited. She would have really loved to participate if she and her potential teammates had time to practice.

Over the past two years, Dahlia has 的不同角落。

made many friends by joining clubs and also works as a volunteer for some local charities. Her participation is rewarded with bonded friendships and a more purposefilled life.

Jacques admires the friendliness of the local residents. For instance, when people notice that this couple might

have difficulty ordering from a menu which only has Mandarin, people immediately offer assistance in any way they can. The kindness of residents has formed a wonderful impression on him. As for the transformation of the city, Jacques has noticed that the city government provides more parks for the residents. He is surprised that with the

A Taste of Italy Taormina and Glazie!

Italian Restaurants

⊚Text by Yi-Chun Lin ⊚Photos by Wei-Ren Yang

talian food has always been adored by local consumers in Kaohsiung for its original cooking style. The two restaurants we chose for our readers this time have their individual charms. For people who enjoy a quiet and intimate atmosphere, they will love Taormina. For those who fancy a more festive atmosphere, Glazie! will be an excellent choice.

Taormina Restaurant

Taormina Restaurant is located next to Love River. It is an Italian restaurant featuring both gourmet food and a wonderful atmosphere. Alex, the chef of Taormina Restaurant, is very creative in his cooking. He can transform an ordinary Italian home-cooked dish into a five-star delicacy. His excellent cooking skills have impressed many experienced consumers.

Taormina is a small seaside town on Sicily Island in Italy. Ancient Greeks built a city here. Through the remains of the ancient buildings, people can gaze upon the beautiful scenery of mountain and sea. There are two reasons why the owner named the restaurant Taormina. One is because its riverside location by Love River is similar to Taormina's seaside setting. The other is that the cooking style of the restaurant originates from Sicily. The restaurant decor is based on modern and fashionable tones with a simple but luxurious twist. The lighting changes color as time goes on, into blue, red, or purple and creates a magical and romantic atmosphere.

Alex grew up abroad. His cooking skills were not cultivated in Taiwan; therefore the flavors he presents are very different from Taiwanese chefs. The textures and tastes of the food are infused with Alex's unique style. The Seafood Cappellini dish is made with tuna, squid and fresh prawns- it is just delicious. The chef recommends customers try the special salsa sauce; it guarantees to surprise your taste buds.

Glazie

Glazie is a very popular Italian eatery in Kaohsiung. The trendy decor of the restaurant is retro and extravagant. The food is cooked with creativity. The dishes fuse traditional Italian tastes with oriental ingredients and guarantee

to satisfy every customer's desires both visual and taste buds.

Glazie is located on the 12th floor of Kaohsiung FE21' Department Store. The color scheme of the restaurant is dark with streaks of warm colors such as gold, yellow, and orange. The unique lighting sets off the modern and luxurious atmosphere of Glazie. There are numerous ballshaped lights hanging down from the black ceiling, twinkling just like stars in the sky.

Glazie has a very unique concept for its food. It adopts the "sharing" idea of Chinese meals. In other words, customers order dishes to share with their companions. This breaks the stereotypical formula of "eat your own dish" in western food culture. Take the most popular dish at Glazie for example - the "Italian Herb Roasted Chicken" uses two month old chicken. After being marinated with Italian herbs, it is wrapped in a thin layer of seasoned flour, and is shallow fried before going into the oven. Therefore, the chicken is aromatic and crispy outside, yet tender and juicy inside.

The choices of dipping sauces are yellow mustard seed and green pesto, according to the customers liking. The chicken is then served with a set of carving knives, fork and pincers, making it easy for customers to share the dish.

愛河畔的「陶歐米納」是一家兼具美食和氣氛的義大 利餐廳,從小在國外長大的Alex發揮巧思,將平凡的義 大利家庭料理化為精緻味美的珍饌,高超的廚藝令饕客 為之折服。

、旅在地消費者喜愛,本期挑選的兩家義式餐廳更

具特色,喜歡靜謐氛圍的人,可到「陶歐米納」;想要

有歡樂氣氛的人,「古拉爵」則是不錯的選擇。

「陶歐米納」為義大利西西里島附近一個濱海小城鎮 , 古希臘人曾在此興建古城, 透過柱石遺跡可以眺望美

麗的山海景色,業者將店名取為陶歐米納,一來是 因為高雄愛河景致頗有陶歐米納的意境,二來也強 調他們的餐點傳承自義大利西西里島。餐廳裝潢以 現代時尚為基調,並帶有簡約奢華風,幾何形狀的 燈管還會隨著時間做顏色的變化,忽藍、忽紅、忽 紫,色彩繽紛亮眼,充滿迷情意境。

主廚Alex從小就在國外長大,由於他的廚藝養成 並非在台灣,因此,呈現的風味和一般台灣師傅不 盡相同,口感和滋味都有他獨到的個人特色,以鮪 魚、透抽和鮮蝦3種不同的海鮮製成的天使細麵, 經由莎莎醬的佐味,帶給味蕾更深層的刺激。

超人氣義式屋「古拉爵」,以新奇華麗的設計感,引 領時尚風潮,融合傳統義大利精髓及東方食材創意的料 理,更觸動客人視覺、味覺的最深處。

位於高雄大遠百12樓的「古拉爵」,以深沈的色系為 基調,並加入金、黃、橘等暖色系的色彩元素,在光影 的綴飾下,時髦又華麗,抬頭仰望,黑色的天花板懸掛 著許許多多的球狀吊燈,猶如夜空中的滿天星斗,更襯 托出「古拉爵」的時尚感。

餐點方面,「古拉爵」最大的特點就是「中餐分食」 的概念,也就是說,客人點的菜可以與同桌朋友共同分 享,打破西餐只能個人獨享的定律,以店裡大受歡迎的 「義式香草烤全雞」為例,兩個月大的「仔雞」處理過 後,先以義式香料醃製入味,沾薄粉先煎後烤,製造出 外香酥、內鮮嫩的極佳口感,沾佐的醬汁則有黃芥末籽 醬和青醬兩種,客人可依口味嗜好做選擇,當服務生將 「全雞」端上桌,還會額外附上刀、叉和夾子,以供客 人切割分食使用。
